

Large Capacity Steel Donation Collection Bin

MADE IN THE USA

Large Capacity Steel Collection Unit can be used for clothing, books, electronics, toy drives, etc...

- Unit ships fully assembled on a pallet.
- Low maintenance costs.
- Unique design allows for easy replacement or reconfiguration of any panel or door. No need to replace entire unit if one section gets damaged.
- Powder coated galvanized steel construction. High quality for a long life.
- Accepts 2 pad locks which are protected with steel hoods to prevent use of bolt cutters.
- Special plastic flap on deposit chute keeps donations isolated from the elements.
- Includes plastic floor liner which is removable for easy cleaning.
- All graphics are optional.
- Unit weight (empty): 330 lb.
