New ! Permanent Steel Recycling Bin for Foam Collection

MADE IN THE USA

This all steel unit with a suspended reusable bag makes foam collection easy and fun. Why landfill your expanded polystyrene (EPS) packaging foam when it is so convenient to recycle?

- Brilliant 4 color fade resistant imagery is memorable and sends a clear message to easily recycle your foam.
- All Galvanized powder coated steel construction with a lift kit makes this a long lasting addition to any facility.
- Large front opening with inside eye level messaging makes it convenient and clear what to insert in the bin.
- Hinging and locking steel door provides full access for easy servicing.
- Optionally add a sponsor's name to offset costs and provide advertising benefits.
- Includes 3 Polypropylene recycled and reusable bulk bags which may also be used for additional storage.

Unit ships fully assembled on a pallet. Total bin weight is 425 lbs.
